# Working with BioMarin RareConnections™ and Specialty Pharmacies

## Coordinating with BioMarin RareConnections

### Clinic

Submits 2 documents to enroll a patient:

- BioMarin RareConnections Patient Enrollment Form (PEF): The PEF is the prescription for the BioMarin product
- BioMarin RareConnections Patient Consent Forms (PCF): The PCF provides the patient's consent for the HCP to share patient-level information to BioMarin RareConnections. It is completed by the patient

# 1

### BioMarin RareConnections:

- Confirms receipt of the PCF and PEF and verifies the information provided
  - Contacts clinic to provide or clarify any missing information
- Performs benefits investigation (BI), including identifying any prior authorization (PA) requirements
  - Contacts clinic to convey results of BI and PA requirements
- Contacts the patient to discuss any associated out-of-pocket expenses (ie co-payment, co-insurance, deductible)
- Refers patient to financial assistance options, if financial concerns

## Completing Prior Authorization (PA) Requirements

### Clinic

- Writes a Letter of Medical Necessity (LOMN)
- Completes and submits the PA paperwork, supporting medical documentation (including lab test results), and LOMN to BioMarin RareConnections or to the patient's insurance plan
- If the insurance plan requests additional documentation, provides it to insurance plan in a timely manner
- Monitors for any communication from the patient's insurance plan

# 2

### BioMarin RareConnections:

- Contacts clinic if additional information is required to support the PA request
- Assists with submission of the PA (prepared by the clinic) to the patient's insurance plan, if needed
- Provides updates to clinic on PA determination by insurance plan
- Assists clinic with PA denials/appeals, if applicable

## Coordinating with the Specialty Pharmacy (SP)

### Clinic

- Advise your patient that BioMarin RareConnections and the SP will be calling them to discuss their treatment with the BioMarin product

# 3

### BioMarin RareConnections:

- Sends referral to SP with the Rx and patient information for processing

### Specialty Pharmacy

- Verifies the Rx and product order
- Verifies and collects the patient's out-of-pocket expenses related to the product with each delivery
- Coordinates delivery of BioMarin product with the patient and/or clinic
- Calls patient to discuss their treatment with the BioMarin product

- Educates the patient/caregiver on the special handling and refrigeration (if applicable) to ensure proper storage, care, and disposal
- Coordinates refills with patient or a caregiver in advance of refill
- Performs re-authorizations as required
- Handles replacement product, as needed
