Working with BioMarin RareConnections™ and Specialty Pharmacies

Coordinating with BioMarin RareConnections

Clinic

Submits 2 documents to enroll a patient:

- BioMarin RareConnections Patient Enrollment Form (PEF): the PEF is the prescription for the BioMarin treatment
- BioMarin RareConnections Patient Consent Form (PCF): the PCF provides the caregiver's authorization on behalf of the patient for the clinic to share patient-level information to BioMarin RareConnections; it is completed by the caregiver

1

BioMarin RareConnections

- Confirms receipt of the PEF and PCF and verifies the information provided
 - Contacts clinic to provide or clarify any missing information
- Performs benefits investigation (BI), including identifying any prior authorization (PA) requirements
 - Contacts clinic to convey results of BI and PA requirements
- Partners with BioMarin Clinical Coordinator who contacts the patient/caregiver for a welcome call to discuss insurance coverage, out-of-pocket expenses, and referrals to co-pay assistance, if eligible
- Identifies financial assistance options, if needed

Completing Prior Authorization (PA) Requirements

Clinic

- Writes a Letter of Medical Necessity (LMN)
- Completes and submits the PA paperwork, supporting medical documentation (including lab test results), and LMN to the patient/caregiver's insurance plan
- Provides additional documentation if requested by the insurance plan
- Monitors for any communication from the patient/caregiver's insurance plan

2

BioMarin RareConnections

- Contacts clinic if additional information is required to support the PA request
- Provides updates to clinic on PA determination by insurance plan
- Assists clinic with understanding PA denials/appeals, if applicable
- Offers one-to-one education through BioMarin Field Reimbursement Managers, as needed

Coordinating with the Specialty Pharmacy (SP)

Clinic

- Advises your patient/caregiver that their BioMarin Clinical Coordinator and the SP will call them to discuss their BioMarin treatment

3

BioMarin RareConnections

- Sends referral to SP with the Rx and patient information for processing
- Helps educate and inform clinics in response to ongoing insurance changes and prescription reauthorization
- BioMarin Clinical Coordinators support patient/caregivers with refill reminders

Specialty Pharmacy

- Verifies the Rx and product order
- Verifies and collects the patient/caregiver's out-of-pocket expenses related to the product with each delivery
- Coordinates delivery of BioMarin product with the patient/caregiver
- Calls patient/caregiver to discuss their treatment with the BioMarin product
- Educates the patient/caregiver on the special handling and refrigeration (if applicable) to ensure proper storage, care, and disposal
- Coordinates refills with patient/caregiver in advance of refill
- Assists with reauthorizations as required
- Handles replacement product, as needed
